

Dated: 23rd of January, 2019

To,
Hon'ble Mr. Justice Ranjan Gogoi
The Chief Justice of India,
Supreme Court,
New Delhi.

Sub: Suggestions to reduce tax litigation before various Courts.

My Lord,

I would take this opportunity to wish you a Happy and Prosperous New Year.

All India Federation of Tax Practitioners (AIFTP) is an Apex body of Tax Practitioners of India. It has more than 7500 members across the country and 150 associations as its members. One of the main object of the AIFTP is to make representations for better administration of tax laws.

My Lord, for reducing the tax litigation, I request your lordship to consider for following suggestions:

1. Tax Benches in High Courts

It may be noted that the pendency before ITAT is only 90000 appeals and the matters are heard within two years of filing of appeals and in some of the Benches within six months of filing of appeals. However, in some of the High Court's due to shortage of judges the tax matters are not heard within reasonable time. In cities like Mumbai for admission, it takes around two to three years and if admitted for final hearing, it takes another 10 years. It is desired that the High Court should have a continuous and dedicated tax bench for the tax litigation. If revenue prepares the list of pending cases

which are admitted and to be admitted and the questions of law involved, it may help quick disposal of pending matters before various Courts and also Apex Court. In tax matters it is the department which is always a party either as petitioner or respondent hence, it may be easy to prepare the list. Once the list is prepared, it can be published in the website which can also help the assesses as well as the department. This project can be done with the co-operation of the tax Bar of the respective State. All India Federation of Tax Practitioners, will be ready to help the tax administration, if an opportunity is given to them.

2. E-bench of Supreme Court can be an effective alternative for having regional benches of Apex Court. E-Bench of Apex Court will help in rendering speedy justice to the litigants, thereby saving huge cost incurred on travelling back and forth to New Delhi.

A common man of our country cannot even think of approaching the Apex Court for justice as it is beyond his reach. One can imagine how expensive it would be for the citizens to approach the Supreme Court for justice and thereby constitution of an e-bench of the Supreme Court is the need of the hour. The hearing of a matter before the Apex Court can be done by linking various High courts and affording facilities for arguing the matter before the Apex Court from the respective High Courts. An e-bench of the Supreme Court can take up State wise matters, e.g. one day could be for matters of Mumbai, another day could be for matters from Chennai or other places, etc. Initially, an option may be given to the parties for hearing the matters through e-Bench or regular Bench. The Income-tax Appellate Tribunal has started the e-Court at Mumbai through which the matters of Nagpur are heard by members sitting at Mumbai. The experience has been very satisfactory and both the tax payers and the Department have found the functioning of this bench satisfactory. The e-Bench of Supreme Court may

initially be started with SLP, relating to direct and indirect tax matters. One Court room of the respective High Court may be converted in to an E-Court.

3. Elevation of members of Income Tax Appellate Tribunal to High Court

India's Income Tax Appellate Tribunal (ITAT) was set up on 25 January 1941, and it was the first experiment in Tribunalization in the history of India. It is considered to be a very successful experiment in Tribunalization and is often cited to justify more steps in this direction. However, till date very few Members of the ITAT have been elevated to the High Courts. Deserving Members of the ITAT due to their specialised knowledge and experience in 'taxation' and 'commercial transactions', would be able to decide the tax matters speedily. This will also attract young bright lawyers to join the Income Tax Tribunal. My Lord, Further, the lawyers practising on the taxation side in the High Courts may be considered for elevation as Judges of the High Court for speedy disposal of the tax litigations.

I request your Lordship to kindly consider the afore-mentioned suggestions.

With sincere regards,
Yours sincerely,

Ashok Saraf
