

## President's Communique

D. K. Gandhi

---

Friends,

We have completed 100 days of the year 2022. The first initial days have been full of activities after a successful National Executive Committee Meeting at Kolkata. Today when I am writing this after a splendid One Day Conference at Bhubaneswar combined with Puri Darshan organised by Orissa Team of Eastern Zone on 15th April, 2022 and in this one month, we are having another day conferences at Vizag on 23-04-2022 and at Surat on 30-04-2022. Northern Zone is going to organise National Executive Committee Meeting with National Tax Conference at Srinagar on 10th, 11th & 12th of June, 2022. Number of webinars and other zonal conferences are being organised all over the country.

As we all are aware that we are passing through an era of change in laws, work, technology all over and in this context Federation has to work stronger and every members owes a duty to work for growth and welfare of every professional colleague within and outside the Family of All India Federation of Tax Practitioners and in scenario of significant changes taking place at National Level, time has come for all the individuals / Associations / Institutions to come together, think together, work together with hand holding each other for serving the Society & Nation and Federation has to play an important role as it accepts all kinds of Professionals into one Conglomeration with a single objective of providing a constructive role by the Federation to help professionals in achieving excellence in their professional life.

Friends I have received full support and immense co-operation from my fellow members in first three months of this term & I am sure & confident that the same support & co-operation shall be extended in the coming months also.

Sincerely Yours,

**D. K. Gandhi**  
National President, A.I.F.T.P.
